Reporting Period: October 1, 2024 – September 30, 2025 (NH Recycles' fiscal year)

Congratulations – you are active recyclers! Recycling isn't just good for your wallet, it's great for the environment, saving energy and resources. NH Recycles, your nonprofit municipal recycling partner, helped your community move the recyclable materials below to market, where they were processed into raw materials and remanufactured into new products. Learn more at www.NHrecycles.org.

AVOIDED EMISSIONS

Recycling uses much less energy than making products from virgin resources, which means fewer greenhouse gases entering the atmosphere.

By recycling the materials above, your community helped avoid approximately **193,838,301** pounds of carbon dioxide emissions. That's like removing **19,607** passenger cars from the road for an entire year!
